III. DIVISIONS and ENTRY FEES:

An individual may register only once in each division for which he/she is eligible

1. ALL TACKLE DIVISION: \$70.00 (Seniors \$45.00)

The all tackle division is open to adults using any type of rod and reel including flyrod. Persons who have reached their 65th birthday on or before the opening day of the Derby will be registered as Seniors.

2. JUNIOR ALL TACKLE DIVISION: \$25.00

3. MINI-JUNIOR ALL TACKLE DIVISION: \$25.00

The mini-junior division is open to persons aged 4-8 on the opening day of the Derby. Mini-juniors may use any type of rod and reel, including fly rod. The mini-junior division will follow the rules of the all tackle division. A mini junior is not eligible to be a Grand Leader and therefore not eligible to win the Grand

- 4. FLY ROD DIVISION: \$70.00 Adults, \$45.00 Seniors. The Fly rod division is open only to persons using fly rods. Fly rod division competitors will be issued a separate fly rod badge and number and will fish under the rules of this Derby. The official Derby rules specific to fly fishing consist of IGFA modified rules and are located on the Derby website at mvderby.com. If a fly rod competitor is also entered in one of the all tackle divisions, he/she may enter his/her fish as all tackle. The decision to enter a fish in either division (but not both) must be announced to the weigh master PRIOR TO THE WEIGHING OF THAT FISH. That fish is then eligible for the grand and triple crown awards, regardless of the division it is entered in. Juniors fishing in the fly rod division will be considered as adults.
- 5. PAYMENT OF ENTRY FEES: Entry fees may be paid via the online pre-registration process or in person at one of the registration points. There will be a \$25.00 service charge for returned checks which, along with the entry fee must be paid in cash. Entry fees are not refundable once the Derby has commenced.

The online pre-registration process is for payment only. The Derby registration process is not complete until an angler picks up their rules brochure and badge at a registration point. Any fish caught before an angler completes the registration process is ineligible.

- 6. TEAM: \$10.00 per team member. The heaviest fish of each species for both team members will count toward the team's cumulative weight. Up to three fish per member, for a total of six fish, may be counted in a team's total. Note that both team members must be registered (have badges) before fish are entered in the team total.
- SPORTSMANSHIP Good sportsmanship encompasses many aspects of a person's character, the most fundamental being respect. Participation in the Derby is intended to be a memorable experience. Please play fair, stay positive, keep trash talk to a minimum, set a good example and show

IV. METHODS OF FISHING and BOUNDARIES:

A competitor must be registered in the Derby BEFORE commencing to fish. From the moment a fish strikes or takes a bait or lure the angler must book fight and land or boat the fish without the aid of any other person. This includes another angler touching the rod, reel or line after the fish has been hooked. The only exception is another person may grasp the leader in order to gaff or net the fish. This rule applies to junior anglers, as well.

1. SHORE: A shore fish is any fish hooked from the shore. All fish entered as shore fish must be caught from the shores of Martha's Vineyard or Chappaquiddick Islands.

2. BOAT: A boat fish is any fish hooked on a boat. A boat is a "boat" whether it is tied, moored, anchored, trolling or drifting. In the event there is a question as to whether a fish is to be considered a boat or shore fish, the Derby committee will determine the category and that decision will be final. All fish entered as boat fish must be caught from a boat which is within the posted bounds of the Derby. The bounds are delineated on the enclosed map. An eligible fish must not be transported outside of Derby boundaries. No fish caught from a boat may touch any land except for Martha's Vineyard.

If any such material is not visible to the angler or person(s) weighing the fish in and is discovered after weigh-in, this material shall be examined by the Derby committee and, if deemed to be inside the fish prior to it being caught the weight of such material(s) may be deducted from the official weight of the fish, and the fish allowed. Martha's Vineyard Striped Bass & Bluefish Derby

All fish are measured in total length from the tip of the lower jaw to the tip of the tail.

Suspended for 2024 Derby

Minimum Sizes:

22 inches

Massachusetts
Regulation:
bag limit of 3 fish per day,
per angler.

21 inches

25 inches

Derby Limit:

4 per Badge*

^{*} The Derby limit of 4 fish per badge is the maximum number of **false albacore** that you can bring to the weigh station during the entire Derby. It includes all false albacore brought to the weigh station, whether or not they meet the 25 inch minimum size. Therefore, when you bring a false albacore to the weigh station, it will count toward your individual limit regardless of its size.

Once you have reached your Derby limit of 4 false albacore per badge, you are no longer permitted to bring a false albacore to the weigh station.
